[XRUSH] RESPONSE: 1.) The 4-4-05 amendment was not noted as "enter" or "not enter" since it was a duplicate to prove that the specification was changed to include a reference to Figure 8 by the 12-23-03 Amendment (see page 5 at bottom).
2.) Correct, but the 10-1-01 Specification was amended by the 12-23-03 amendment as explained above and as proved by applicant with the 4-4-05 letter including the duplicate copy of the 12-23-03 amendment. INITIALS: Q.L.A.

NOTE: This form will be included as part of the official USPTO record, with the Response document coded as XRUSH.
